

Jeanne d'Arc Anglophone Programme

for pupils who are mother-tongue English speakers as well as those who have a good level of English as a second language.

An Overview

Subjects that are available at IGCSE :

- ▶ English Language
- ▶ English Literature
- ▶ History
- ▶ French may also be an option, but no preparation course would be necessary; the opportunity to work on past papers for those interested would suffice.
- ▶ Maths is available and extra lessons can be organised after school hours in order to familiarise your child with the terminology used in the UK.
- ▶ Any other languages in which pupils are fluent if they are offered by the board.

The way we work:

- ▶ Enquiry based - interactive, child centred
- ▶ Increases confidence and independence
- ▶ Encourages intellectual curiosity and helps children develop analytical skills

- ▶ Individual work - encourages autonomy
- ▶ Pair work and group work - enables interaction, helps develop tolerance and consideration so students become supportive class members.

- ▶ History and Geography programme complements the English programme, it is all very cross-curricular. Skills learnt in one subject are used and consolidated in the others.

- ▶ Following the English National Curriculum

- ▶ Trips: 6ème - Chateau de Chillon
5ème - Grottes de Vallorbe
4ème - England

Subjects we study:

- ▶ Key Stage Three - 6ème, 5ème, 4ème
